

# Don't Miss Out!

# ARISS

Amateur Radio on the International Space Station

**Amateur Radio on the International Space Station is a program that lets students experience the excitement of Amateur Radio by talking directly with a crew member of the International Space Station.**

**Park County Public Library and Park County Radio Club have joined hands by working together to bring Park County students (school and homeschool) the opportunity to speak with an astronaut on the ISS during the week of April 15, 2019! STEAM Learning in the Library has focused on the ARISS program since July of last year and will continue to prepare Park County youth for this AMAZING EXPERIENCE!**

**Visit <http://www.ariss.org/> or <https://www.nasa.gov/> to learn more about the International Space Station and its mission. The astronaut we will connect with is Nick Hague!**

## **Bailey Library**

350 Bulldogger Rd.

STEAM 3<sup>rd</sup> Saturday @11am

Next Session: 2/16/19

## **Fairplay Library**

400 Front Street
